

Still in Your Community

Grenville Mutual Insurance Company Head Office Relocating in 2012

Our next chapter will begin in Kemptville, but our Spencerville roots will not be forgotten – having been our home for more than a century.

Known for our service, expertise and dedication to policyholders, we are poised to expand in 2012 to the Highway 416 Business Park on Colonnade Drive in Kemptville.

This move is based on the company's present expansion needs and anticipated growth. It will increase our ability to reach out to more community and agricultural organizations and ensures that we remain in a strong position to protect Eastern Ontario's rural and agricultural communities.

Serving you better—now and in the future.
